My pleasure. Here is the referral that I am assuming you can just cut and paste into whatever form you need. Good luck with the job!

To Whom it May Concern:

Hardiplank Discounters replaced the siding on our new house in May 2005. The job included removing some older inferior siding, replacing it with Hardiplank and then painting the new siding. We had two weeks between closing and move-in during which we had numerous major projects going on, both inside and out using a variety of contractors. Needless to say, it was a pretty stressful time for us and staying on schedule was paramount. The folks at Hardiplank Discounters were the utmost professionals. While I often had to spend hours hunting down the other contractors, Hardiplank Discounters were always there on time (or even early) and actually finished the job ahead of schedule. Whenever I had a question, Doug was easy to get to contact and always called me back promptly with the information I needed. When we discovered at the last minute that we were also going to have to have our roof replaced as the result of a hailstorm, Hardiplank Discounters worked to accommodate our new schedule so that all the work could be done in the necessary order and in the necessary time limits. We are extremely pleased with the job that Hardiplank Discounters did for us. Their work was excellent, both in the siding and painting departments, with great attention to detail. I would recommend Hardiplank Discounters to anyone, without reservation.

Sincerely,
Anissa A. Allbritton
