Category: Siding

Services Performed: * More Weight is given to Yes
a review where work has
been completed.

Work Completed Date: August 24, 2013

Hire Again: Yes

Approximate Cost: \$6,250.00

Home Build Year: 1988

Description Of Work: Removed old siding from house. Repaired framing where needed. Used whole house wrap on all areas to be re sided. Put on new siding. Painted and caulked all new siding. Removed old siding from property. Picked up all stray nails.

Member Comments: Doug responded promptly to my request for a bid. He closely looked over entire project, discussed it at length with me and then sent me an estimate. Once price agreed upon a contract was sent to me for signature by both parties. Very detailed and in plain language. Work team arrived and old siding removed in less than a day and hauled away. Team showed the next day on time as usual and wrapped the house and then within a couple of days new siding was installed. Then the crew came in and painted and caulked everything. The work crew was business like and very prompt at all times. Answered any questions I had completely. These folks were a great team.
Doug then came by and walked the entire project and found a few things he was not happy with and had folks come back and change then to his and my satisfaction.
I did not have a strict time certain that I needed this project done and I told Doug to fit it in whenever he could. So I was not constrained by any time issues.
The siding project was on of the very best remodel projects I have ever dealt with and can without any reservation recommend Hardi Pros to anyone.
